

Remarks/Arguments

By this Amendment, the specification and claims have been revised to correct each of the typographical and grammatical errors identified by the Examiner.

The attached sheet of drawings includes changes to Figs. 7 and 8. This sheet replaces the original sheet including Figs. 7 and 8. Applicants propose to delete the character "A" from the reference numbers identified by the Examiner, noting that the resultant numbers 132, 130 and 106 are defined in the specification.

In anticipation of the Examiner's approval of the proposed drawing revisions, new formal drawings containing such revisions are submitted herewith.

With regard to FIG. 9, page 10 of the specification has been revised to contain the appropriate symbols.

No other issues remaining, early allowance of the present application is requested.

Respectfully submitted,

YOUNG-RAE PARK ET AL.
